

An Essex IEE Younger Members event

W@P

A selection of WAP devices

WAP – The Future of Communications?

The Institution of Electrical Engineers

WAP is a standard allowing users of **mobile 'phones** and other devices to access **internet** information and services.

What is its **competition**?

What **threats** and **opportunities** exist?

John Locke-Wheaton, The Phillips Group

Telford Lecture Theatre, BAE SYSTEMS Advanced Technology Centre, Gt Baddow, Chelmsford

Wednesday 29th November 2000 6.30 for 7pm

The Institution of
Electrical Engineers
